Friday 27th May 2011

Dear Richard

On behalf of all the children of Kirklevington Primary School I would like to say a great big thankyou for the superb trim trails you have installed for us.

As a school community we have been involved in fundraising activities for a number of years now with the aim of providing our pupils with trim trail equipment for break and lunch times. This has been a major project for our school and we wanted to make sure that we could install the very best.

From start to finish your company has been excellent. We could not have hoped for a more professional approach. All aspects of work carried out were undertaken with the upmost care. Because of the systems you had in place we were completely confident that having your staff on site would not cause any problems whatsoever.

The resulting trim trails are fantastic and are loved by all our pupils. Once again many thanks for the care and attention to detail you demonstrated from start to finish. Without any hesitation I would recommend Digit to any Head Teacher looking to improve their outdoor provision.

Yours sincerely

Phil Thackstone
Head Teacher

Headteacher Mr P Thackstone

5th November 2010

Dear Richard,

On behalf of the staff, pupils and governing body of the school could I thank you for the level of service provided by 'Dig It!' on our recent project.

The work carried out was to a high standard and has enabled us to move forward with the Healthy Schools and Eco Schools agenda, whilst helping us to develop our outdoor curriculum.

Our children continue to be enthused by the growing area and a number of our parents have commented on the positive impact so far.

Many Thanks

Chris Twiby
Headteacher

Costs vary depending on budget and size of garden space required.

Other Projects can be developed and we can supply and install most of your Outdoor 'Play and Learn' provisions including SLA maintenance and other landscaping duties. If you would like a free no obligation quotation and site visit then please contact us to arrange.

If funding is a problem then maybe we can help, please contact us for more details.
